## CATALOGUE 2024

STATWATT, is a forward-thinking organization, specializes in providing advanced lighting solutions and lighting design services specifically tailored for Professional / Commercial establishments. We recognize the importance of lighting not only as a functional aspect but also as a crucial element in enhancing the overall ambiance, productivity, and aesthetics of our spaces. With a foundation built on qualitative and quantitative excellence, we will ensure our lighting products meet the required standards of quality and performance.

# STATWATT LIGHTING

Our commitment to consumer- centric innovation is evident in our diverse team and products, comprised of fresh and creative minds. We collaborate to design and develop lighting solutions that go beyond mere illumination, considering factors such as energy efficiency, environmental sustainability, and visual appeal.

STATWATT's lighting design services are crafted with a keen understanding of the unique needs and requirements of professional and commercial environments, providing tailor made solutions that align with the specific goals and requirements of each establishment.

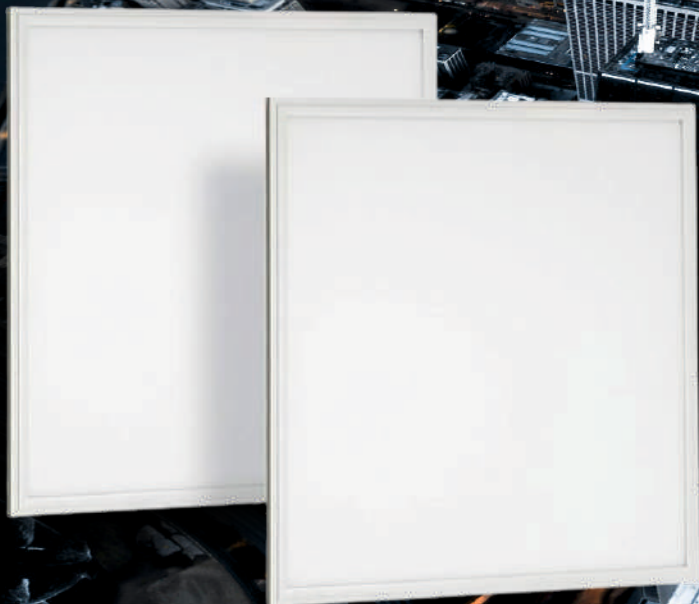

Embracing a culture of "Experience, Experiment, Experience,"

We thrive on continuous learning and innovation in the realm of lighting. By offering cutting-edge products and design services, we aim to contribute to the modernization and sophistication of lighting solutions in the professional sector, making a positive impact on both functionality and ambiance in various professional settings.
